justification on a "need to know" basis for receiving NIS on a world-wide front. While F.O.A. has requested only certain NIS elements on 62 of the 103 NIS land areas thus far, it is expected that this agency will have a continuing need for additional NIS.

4. The NIS Committee recommends, therefore, that action be taken at this time to authorize dissemination of all NIS on all areas to F.O.A. to meet present and future requirements of this agency.

5. Please telephone concurrences or non-concurrences in the recommendation of the NIS Committee in paragraph 4 above to the office of the Secretary, by the close of business, Wednesday, 13 October.
